## ABOUT REVISIONS

As the owner of a home staging and design company, I found my true calling when I ventured into the world of short-term rental properties. My goal? To create a personalized, boutique experience for each of my guests. I believe in going above and beyond, ensuring that every stay is not just comfortable, but truly unforgettable. With my keen eye for detail and unwavering commitment to excellence, I strive to provide exceptional service and a personalized touch that sets my properties apart.

Holding a North Carolina real estate license, I offer more than just a place to stay. For guests interested in the potential of investing in the short-term rental market in Wilmington and Wrightsville Beach, I'm here to guide and assist. My journey is about bridging the gap between a dream stay and a dream investment, turning every visit into an opportunity to explore what's possible.

# THINGS YOU SHOULD KNOW

## 01

Our swimming pool opens each year the week before Memorial Day and closes around the first week of October.

## 02

Beach chairs are available for your use. They're located in the outdoor storage space to the right of the laundry room--across from the elevator.

Please return all items where you found them when you're done.

## 03

Smoking is **not allowed** in the condo or balcony, in any of the common areas of the building such as hallway corridors, stairwells, elevators, lobby, cabana, cabana restrooms, etc.

## 04

If a child is not potty trained and does not have proper swim diapers and has an accident in the pool, a fine may be assessed in the amount of \$150 in order to chemically treat the pool.

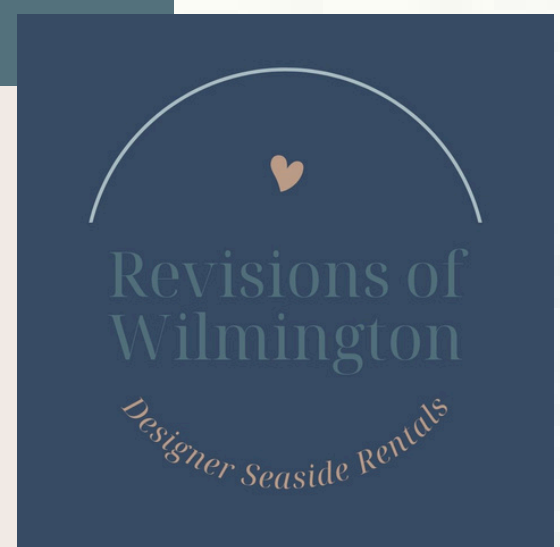

Now, about **glass** – we want to keep our pool and cabana areas safe for everyone. So, please remember that glass is a no-go in those areas. If, by chance, any glass is broken around the pool, we'll need to go through the whole process of draining, cleaning, refilling, and balancing the pool. It's a bit of a hassle, which is why there's a \$500 fine to cover it.

Just so you know, management does have surveillance cameras around the property. So, if anything does happen, management will check things out and sort out any fees accordingly.

Thanks a bunch for helping us keep our pool area in tip-top shape for everyone to enjoy!

# ABOUT THE HOME

Our family loves traveling so we went above and beyond to provide everything you could possibly need for a perfect trip.

This kid friendly unit is located only a few steps from the ocean. We have a Pack N Play, toys and books for your little ones. We feature memory foam mattresses, organic bedding, a wide variety of pillows for the pickiest pillow connoisseurs.

We provide plenty of extra soft blankets, beach towels, bath linens, extra toiletries, laundry detergent and dish washing soaps.

You can enjoy the local restaurants, fishing piers, boat docks and water sports all within very close proximity to our place. Uber and Lyft operate on the island, should you want to park your car for an evening and enjoy some of the restaurants on the Intracoastal Waterway.

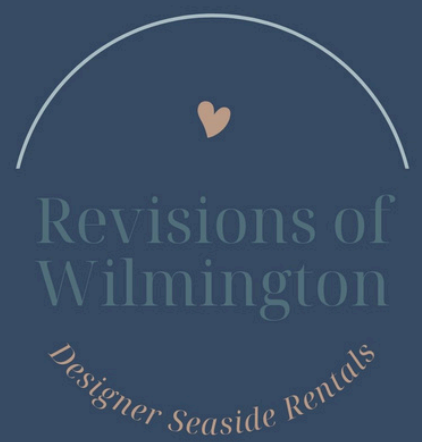

Sorry, smoking is strictly prohibited on our property (HOA rules) and animals are not allowed.

The outdoor shower is located near the pool.

Ice machine is located in the cabana on pool deck.

The tennis court gate is to be locked at all times (access is with your unit door key). Skateboards, roller blades, etc. are not allowed on the court.

# THE BEACH

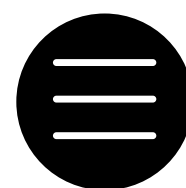

## THINGS TO KNOW

### Wrightsville Beach General Guidelines

Before you hit the shoreline, be sure and familiarize yourself with these Wrightsville-Beach specific regulations and guidelines that will ensure your stay is enjoyable and safe throughout.

- Surf fishing is allowed throughout Wrightsville Beach, except from area bridges, (which includes the Banks Channel Bridge.) A saltwater fishing license is required for anglers age 16 and older, which can be picked up at local bait and tackle stores, or obtained online through the North Carolina Wildlife Resources Commission's website.
- Sea turtles occasionally nest on the local beaches, and visitors should note that it is illegal to harass, molest, collect, or otherwise harm sea turtle nests. Be respectful of closures for sea turtle or endangered bird nesting.
- Smoking is not allowed on the beach strand in the town of Wrightsville Beach.
- Littering is not permitted in Wrightsville Beach, and could result in a fine.
- It is illegal to leave up any beach equipment overnight in the town of Wrightsville Beach, which includes tents, canopies, umbrellas, and other beach gear.
- Do not walk on the sand dunes, or remove any vegetation from the oceanfront shoreline.
- Glass containers of any type are not allowed in Wrightsville Beach.
- Cooking devices, such as grills or portable camping stoves, are not allowed on the beaches of Wrightsville Beach.
- Wrightsville Beach's local noise ordinance states that visitors should refrain from creating any unreasonably loud and / or disturbing sound levels within the town.
- Visitors should fill any man-made holes before they leave the beach to avoid injury to other beach-goers, or cause a hazard for emergency 4WD vehicles that need to access the sand.
- Wrightsville Beach has 13 lifeguard stands within the town from Memorial Day weekend until Labor Day weekend. The Ocean Rescue Team staffs the lifeguard stands daily in the summer months from 10 a.m. to 5 p.m.
- Please pay close attention to the signal flags stationed along the shoreline, which indicate the current swimming conditions. A green flag means that conditions are calm and conducive for swimming. A yellow flag indicates that moderate surf and / or currents are present, and swimmers should exercise caution when entering the ocean. A red flag indicates that conditions may be too dangerous and hazardous to swim, and a double red and white flag indicates that the beach is closed.
- Watch for other folks sharing the water when swimming, especially surfers, kayakers, and other wave-riders who frequent the shore.
- Be on the lookout for rip currents, which can occur in all weather conditions. Swim at life-guarded beaches whenever possible, and swim parallel to the shore if you are caught in a current, until you can safely swim back to the beach once again.
- Weddings and special events are allowed on Wrightsville Beach. Approval before the big day is required from [Wrightsville Beach Parks and Recreation](#), and a small permit fee may apply.
- paid Parking is available for day-trippers on a first come, first serve basis, and may be limited on weekends and holidays, due to local traffic. Arrive early or late in order to secure a parking space close to the beach.

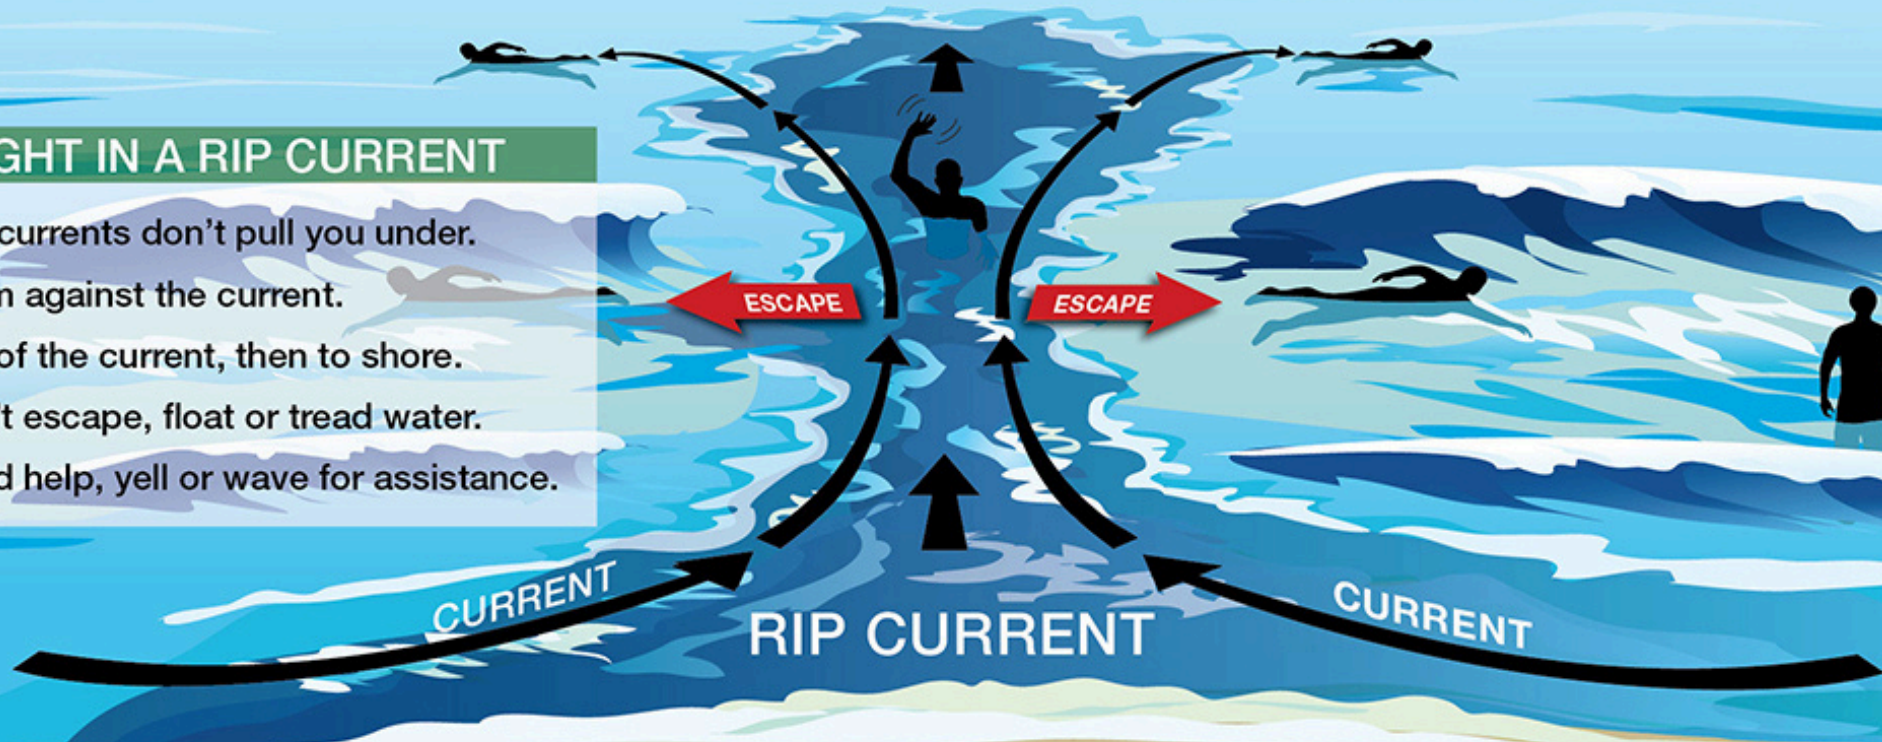

# RIP CURRENTS

KNOW YOUR OPTIONS

## IF CAUGHT IN A RIP CURRENT

Relax, rip currents don't pull you under.  
Don't swim against the current.  
Swim out of the current, then to shore.  
If you can't escape, float or tread water.  
If you need help, yell or wave for assistance.

Rip currents are powerful currents of water moving away from shore. They can sweep even the strongest swimmer away from shore. If at all possible, swim near a lifeguard.

## SAFETY AND RULES TO KNOW

- 1. Rip Currents Awareness:** Rip currents are powerful, narrow channels of fast-moving water prevalent at Wrightsville Beach. If caught in one, remain calm and swim parallel to the shore until you are out of the current, then swim back to shore.
- 2. Understanding Lifeguard Flags:** Lifeguards use a flag system to communicate beach conditions. A green flag indicates calm conditions, yellow signifies moderate hazards, and red warns of high danger, such as strong currents or rough surf. Always heed these flags for your safety.
- 3. Fill In Holes:** Holes dug in the sand can be hazardous not only to other beachgoers but also to sea turtles, especially during nesting season. Please fill in any holes you dig to prevent injuries and ensure the safety of our marine friends.
- 4. Sea Turtle Nests:** Be mindful of sea turtle nests, which are often marked and protected. Disturbing these nests is harmful to the turtles and illegal. Keep a respectful distance to help protect these endangered creatures.
- 5. Dune Protection:** Walking on the dunes is prohibited, as it can damage the fragile ecosystem and contribute to erosion. Fines are enforced to protect these vital barriers. Use designated walkways to access the beach.
- 6. DO NOT LITTER. \$250-\$1000 FINE.**
